Adham Abdelwahab

01153311885 | adham.hassan7499@gmail.com | Madinaty, Cairo

Summary

A curious Software developer with limitless ambition and a keen eye for detail. Currently focusing on Frontend technologies such as React Native , React JS , Next.Js.

Education

Networks Engineering | German University in Cairo | 06/2022 | Cairo

Bachelor Project: Developing a Backend for an ERP Web App using Django and integrated with a React frontend and deployed over AWS

Project Grade: A+

GPA 2.2 , "VERY GOOD"

Work Experience / Projects

Frontend Developer | 08/2022 - Present | EJADA Systems | Cairo

Regarding my first project, it was a mobile app using React Native for the Saudi Arabian Ministry of Justice delivered in 4 months.

In This project I :
- Implemented multiple user flows to fulfill business needs.
- Enhanced performance by eliminating duplicate query call due to unnecessary side effects resulting in 10% network usage improvement.
- Fixed bugs and helped other team members fix bugs.
- Integrated and Implemented Firebase Cloud Messaging for notifications support.
- Built core functionalities while integrating with business REST API
- Integrated Mobile App with existing Web App and Backend.
- Communicated with team members to share ideas and seek experience from seniors

Technical Support Engineer Intern | 12/2021 - 03/2022 | WinFi | Cairo

- Supported clients remotely and onsite when needed to troubleshoot and fix network issues.
- Surveyed, planned and installed network components on site.
- Secured public networks by adding firewall rules.

Django Backend Developer Intern / Part-time | 08/2021 - 12/2021 | German University in Cairo

- Developed and maintained Django Backend RESTful API code base.
- Added new features based on customer needs.
- Integrated with React Frontend.
